

For more than four decades, every U.S. President has declared the annual observance of Education and Sharing Day in honor of the anniversary of the Rebbe's birth and in recognition of his contributions to the betterment of education for all people. In 1995, he was awarded the Congressional Gold Medal for his contributions toward education, morality, and acts of charity.

Education and Sharing Day represents an excellent opportunity for us to reflect on the Rebbe's vision and leadership. May we take his teachings to heart.

#### TRIBUTE TO ANTHONY WILLIAMS

Ms. KLOBUCHAR. Mr. President, I rise to recognize Anthony Williams's decades of service with the U.S. Postal Service. Nearly 43 years ago, Mr. WILLIAMS began as a city carrier at the Rice Street Station in St. Paul, MN, and on March 3, 2023, he retired as the Minnesota-North Dakota district manager. During that time, Mr. WILLIAMS supported the Postal Service in its work processing and delivering 425 million pieces of mail each day, including everything from Social Security checks and life-saving prescriptions, to birthday and graduation cards.

When I think about Anthony's time with the U.S. Postal Service, I will always think about his commitment to problem-solving. In the face of polar vortexes, staffing shortages, and a global pandemic, he always found a way to regroup, examine the situation, and do what needed to be done to get Minnesotans and North Dakotans their mail.

While in a practical sense the U.S. Postal Service brings us our letters and packages, as the only organization with the logistical capability to reach every address in the Nation, it also brings our country together. That is the heart of what Anthony did through his decades of service, and I will always be grateful.

I hope that Anthony gets some much deserved rest and time with Cindy in retirement, and if I ever need to reach him, I know he is just a stamp away.

#### ADDITIONAL STATEMENTS

##### RECOGNIZING IDAHO NUCLEAR CLEANUP MILESTONE

• Mr. CRAPO. Mr. President, I congratulate the Idaho Environmental Coalition that currently manages cleanup operations at the Idaho National Laboratory, INL, Site and Department of Energy, DOE, Office of Nuclear Energy contractor Battelle Energy Alliance for completing the transfer of all spent nuclear fuel from wet to dry storage more than 9 months ahead of the 1995 Idaho Settlement Agreement milestone. This is the culmination of more than two decades of work by DOE and many partners and contractors. It further reinforces DOE's commitment to meet-

ing its agreements with the State and following through on its promises to the citizens of Idaho.

Importantly, the completion of the wet-to-dry project ahead of schedule means risks are reduced, security is improved, and the environment is better protected earlier, rather than later. Dry spent nuclear fuel storage is considered safer than wet storage, as it reduces proliferation concerns and potential risk to area natural resources. Dry storage of spent nuclear fuel also better prepares it for transport to long-term storage when a permanent repository becomes available.

DOE has now met more than 90 percent of the Idaho Settlement Agreement milestones and more than 97 percent of all regulatory milestones with the State of Idaho. The completion of the wet-to-dry project frees up cleanup resources to further advance the next stages of the nuclear fuels mission. Thank you to all those involved in this momentous achievement, especially the exceptional and highly skilled employees involved in this project, for advancing and accelerating the cleanup at the INL and protecting Idaho's citizens.●
